

8.75" DD513X RECORD RUN!

LONGEST ONE RUN BHA IN MAJOR OPERATOR'S HISTORY

Dimmit County, Texas
Eagle Ford Shale

The 8-3/4" DD513X drilled the longest one run BHA for a major operator in the Eagle Ford. The bit began by drilling 255 feet of the tangent before completing the curve in 602 ft. Upon completing the curve the DD513X proceeded to drill a record setting lateral section in 15,398 ft. Overall the 8.75" DD513X drilled 16,255 feet on one BHA beating the previous record by 78 feet. The previous one run BHA record was held by Drillpoint's 8.5" DD513S with a footage of 16,177 ft. The 8-3/4" DD513X continues to be one of the best performing bits in the Eagle Ford.

	Depth In	Depth Out	Ftg	Hrs	ROP
Overall	7,045	23,300	16,255	96.5	168.5
Tangent	7,045	7,300	255	2	125.5
Curve	7,300	7,902	602	4	150.5
Lateral	7,902	23,300	15,398	90.5	170.1
